DESTINATION FRANCE

How to create and develop a business activity in France? "Destination France" describes the constitutional, cultural and economic structure of France and its business environment. It focuses on France's legal framework in order to efficiently support the development of your investment.

PURPOSE

Assessing the opportunities and limitations of an investment in France is the purpose of "Destination France". It provides information on the choice of types and vehicles of investment in France; explains the basics of the legal and tax rules, to foster a sustainable investment in the various sectors of the economy.

AUDIENCE

- Companies of all sectors of activity interested in developing their business in France: Strategy, financial, mergers and acquisitions departments; General Counsels and in-house lawyers.
- Legal professionals
- Project leaders and advisors for start-ups; training centres; trainers / coaches in business creation
