How to create and develop a business activity in Cameroon, Ivory Coast, Senegal? "Destination OHADA" describes the business framework created by the OHADA treaty and constitutional and economic structure of the OhHADA country where you consider investing. It focuses on the region's legal rules in order to efficiently support the development of your investment.

PURPOSE

Assessing the opportunities and limitations of an investment in the OHADA zone is the objective of the "Destination OHADA" training. It provides information on the choice of investment vehicles; explains the OHADA legal framework whose purpose is to foster sustainable investments in the various sectors of the country where you consider investing.

AUDIENCE

- Companies of all sectors of activity interested in a development in Sub-Saharan Africa: Strategy, financial, mergers and acquisitions departments; General Counsels and in-house lawyers.
- Legal professionals
- Project leaders and advisors for start-ups; training centres; trainers / coaches in business creation
