How to create and develop a business activity in Abu Dhabi, Dubai...? "Destination United Arab Emirates" describes the constitutional, cultural and economic structure of the country, with a specific focus on the business law framework of the United Arab Emirates and of each of its Emirates and its free zones.

### **PURPOSE**

Assessing the opportunities and limitations of an investment in the United Arab Emirates is the objective of this training. It provides information on the choice of investment vehicles; explains the basics of the legal and tax rules to foster sustainable investments in the various sectors of activity and the various Emirates.

### **AUDIENCE**

- Companies of all sectors of activity interested in a development in United Arab Emirates: financial, mergers and acquisitions departments; General Counsels and in-house lawyers.
- Legal professionals
- Project leaders and advisors for start-ups; training centres; trainers / coaches in business creation
